

ESSEX ELECTRICAL CONTRACTORS LIMITED
HEALTH & SAFETY POLICY DOCUMENT

PART 1
GENERAL STATEMENT

Essex Electrical Contractors Limited and its subsidiary companies are committed to ensuring the health, safety and welfare of their employees, so far as is reasonably practicable. We also fully accept our responsibility for other persons who may be affected by our work activities, and will take the necessary steps to ensure that our statutory duties are met at all times.

Each employee will be given such information, instruction and training as is necessary to enable the safe performance of our work activities.

It is the duty of management to ensure that all processes and systems of work are designed to take account of health and safety and are properly supervised at all times.

Adequate facilities and arrangements will be preserved to enable all employees to raise issues of health and safety.

Competent people will be appointed as and when required to assist us in meeting our statutory duties including, where appropriate, specialists from outside the company.

Every employee must cooperate with the management to enable all statutory duties to be complied with. The successful implementation of this policy requires total commitment from all levels of employee, from the boardroom to all work locations. Each individual has a legal obligation to take reasonable care for his or her own health and safety, and for the safety of other people who may be affected by his or her acts or omissions. Full details of the organisation and arrangements for health and safety will be set out in separate documents.

This policy will be regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organisational changes.
